Smoking, drinking, driving to cost more in budget increase

Smoking, drinking, driving and visiting the doctor are all of the things which are going to cost you more money, in the 1981 Ontario budget when it was brought down in the provincial legislature last week by treasurer Frank Miller.

Cigarettes and cut tobacco will be going up about five cents for a pack of 20, beer, about 45 cents a case of 24, and domestic and imported liquor prices are to be increased by between 20-25 cents per 25 ounce bottle.

Ontario Health Insurance Plan (OHIP) premiums are to be increased by 15 percent which means an increase from \$20 a month to \$23 a month for a single person and from \$40 a month to \$46 a month for families.

The tax on gasoline and diesel fuel are to be increased by about one cent per litre.

The new taxes for cigarettes, booze and gas are called "ad valorem" or percentage taxes. To the consumer, this means taxes will be adjusted every three months as the retail prices of cigarettes, alcohol and gasoline go up with inflation.

A few rare things seem not to have been touched by the budget. Corporate taxes, for example, have not been increased. Treasurer Miller says the government did this in order to encourage business people to increase investment in Ontario.

The province is also planning to donate over three million dollars for the purchase of bullet proof vests for every police officer in Ontario.

Miller says his budget (the third he has presented) is an attempt to set a realistic balance between revenue and expenditure.

Miller estimates that in a four year period, ending in 1981, over 450,000 jobs will have been created by provincial revenue.

The Tory government's 1981 budget has met with harsh criticism from both Stuart Smith, Liberal leader and Michael Cassidy, leader of the NDP.

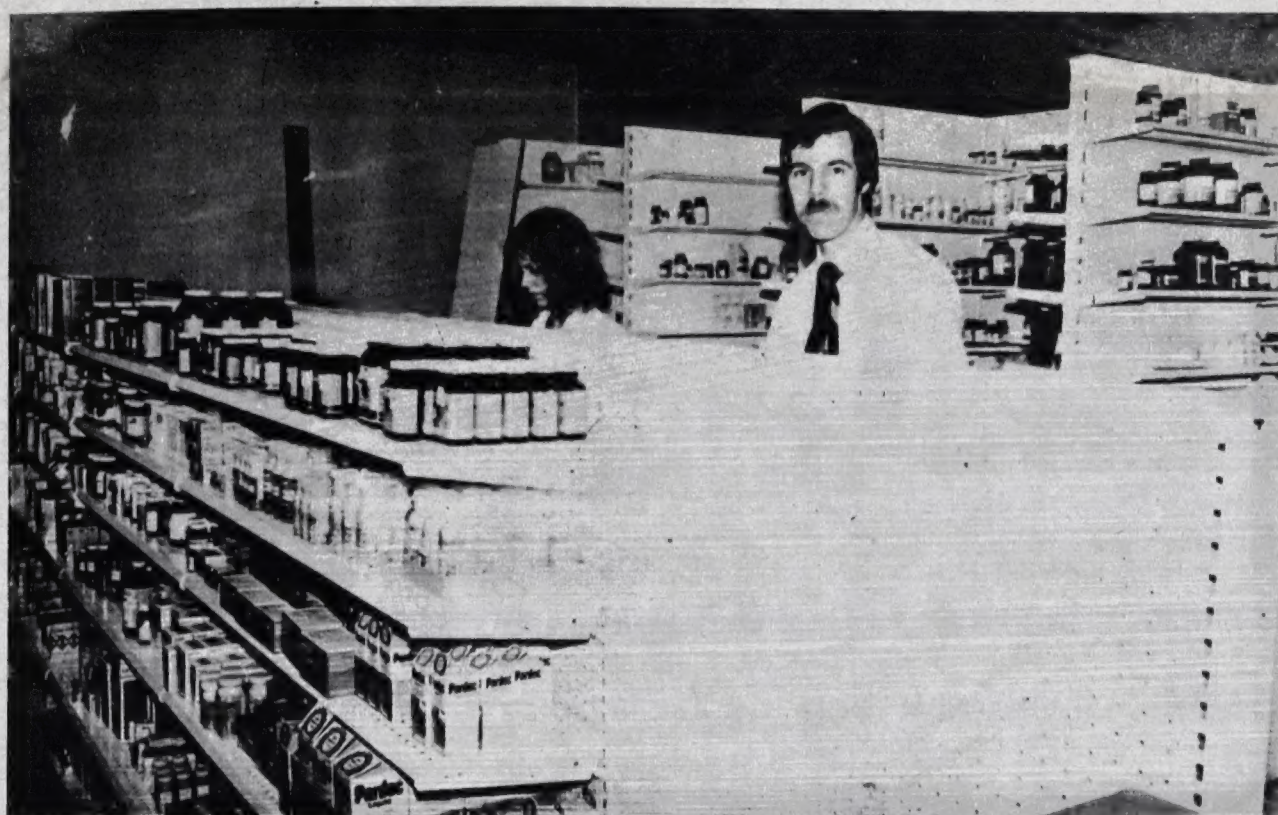

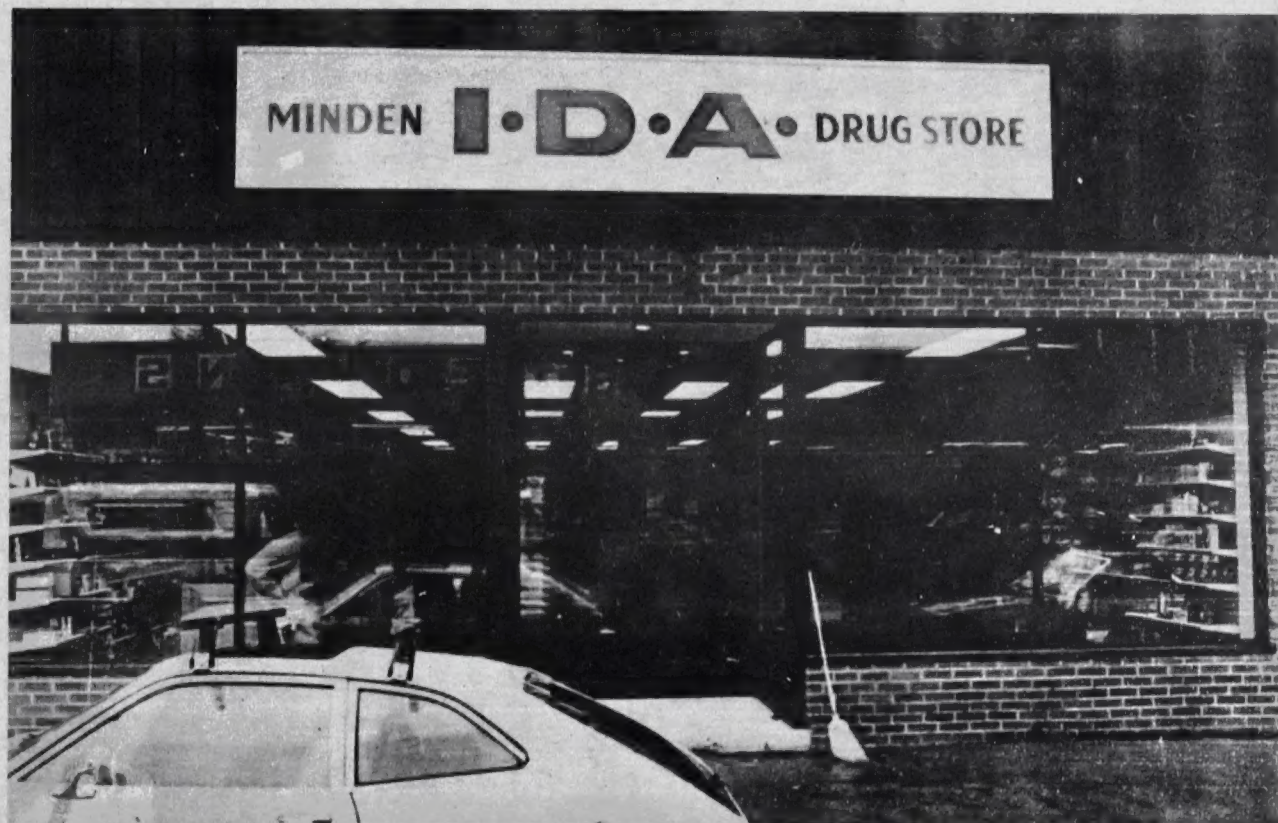

Working near the water ... check with MNR first

The Ministry of Natural Resources at Minden is concerned that if you own lake or river front property, you may be considering a project to alter the existing shoreline, such as filling in with sand to improve beach areas or dredging out shallow muddy areas to improve boating. You may also be planning to alter a stream running through your property by damming it up, moving it to a new location, widening it, deepening it or straightening it to make it better. Such work could in fact have serious adverse effects on fish and wildlife, or on other landowners in the area.

Also it is illegal, unless prior approval is obtained from the Ministry of Natural Resources. This does not necessarily mean your project will be blocked. It does mean however, that the possible impact of your proposed work will have to be considered prior to approval. Ministry staff may also be able to provide you with advice and guidance on how to minimize the impact of your project.

Failure to comply with this legislation may result in charges being laid, and costly restoration of the site. Your cooperation is requested in checking with your MNR office prior to proceeding.

For further information contact Grahame Wales at (705) 286-1521 in Minden.

IDA Drug Store opens in town

MINDEN — Monday, May 25th marked the opening of the new I.D.A. drug store on the Main Street of town, (above photo). Owner Paul Heffer, seen above, enjoys

the spacious dispensary area, a marked improvement over the previous store location for both pharmacist and Minden residents.

Vict.-Hal. are allotted \$147,155 for new projects says MP Scott

William C. Scott, MP for Victoria-Haliburton, is pleased to announce that 26 projects have been approved in the riding under the Summer Canada Student Employment program. The projects were all approved by the Local Advisory Board for the riding. Victoria-Haliburton has been allotted a total of \$147,155 to cover the cost of the projects, which will create 96 jobs for a total of 838 work weeks.

Locally, projects in this area include amounts of \$5,103 for the Minden Library Cultural Centre; \$3,612 for the Gull River Park and Property Development Project in Minden; \$4,816 for the Stanhope

More than \$3000 in goods are stolen in seven thefts

Although there were no major occurrences reported to OPP this last week, several thefts from the County resulted in a total of \$3,783 worth of goods stolen.

Among the goods taken by thieves in the robberies were a water pump, canoe, bicycle, telephone, wheel discs, tools, car speakers, fishing tackle and firearms, household goods, a windsurfer, two boats and outboard cover amounting to more than \$3,000.

Creative Playground Area in Stanhope Township; \$10,197 for Camp Dorset in Dorset, Ontario and \$4,008 for Children with Special Needs at Illahee Camp in Haliburton.

EDITORIALLY SPEAKING

Trudeau is taking over the Canadian Marketplace

Since it has regained a majority in Parliament, it has been evident that the Trudeau government is moving steadily toward massive intervention in the marketplace.

And while we may agree with some of the things the government has done in this regard, we are also frightened at the scope of the entire socialist program. For example:

— The federal government is taking far greater control over the oil business, effectively chasing major oil companies out of exploration and development in Canada and gradually substituting its own, Petro-Canada.

— The government has attempted to exercise further control over the economy with its "monetarism" resulting essentially in soaring interest rates

— It has come to the rescue of ailing private enterprise companies like Massey Ferguson and the Chrysler Corporation of Canada with public money.

— It is actively seeking to recapture direction of the Canada Development Corporation, of which it owns 49 percent, in order to use it for further intervention in the marketplace.

— It is now planning legislation to not only prevent business monopolies but to break what some bureaucrats might consider to be existing monopolies

— And the government is strengthening the Foreign Investment Review Agency to further discourage investment in Canada by non-Canadian companies.

What it adds up to is that the Trudeau government doesn't want U.S. companies in Canada and it doesn't want Canadian companies to become big while investing in their own country.

There's no other avenue of investment left but government — with its public money.

As the Globe and Mail points out, this would be bad news even if the government were a good businessman. But it is the incompetent businessman that has produced the biggest federal deficits in Canadian history.

We are taking the incentive for development of Canada from a lot of corporate boardrooms, which we might not always trust — and putting direction

solely in the hands of the one big boss — Pierre Trudeau. Whether we trust him or not, that is economically and politically disastrous.

Mainstream Canada

Interest rates: a real crunch

By W. Roger Worth

These are depressing and scary days for the Canadian homeowners who have to renew mortgages on their homes this year.

Consider what's happening.

In 1976, at least 250,000 mortgages were written and are due for renewal this year.

The interest rates in 1976:

10% - 12%.

The interest rates in 1981:

17% - 18%.

Roger Worth is Director,
Public Affairs,
Canadian Federation of
Independent Business.

That means a quarter million Canadian families will be paying an extra 6% - 8% for the money needed to finance their dwellings.

In real terms, such homeowners will end up paying an additional \$2,600 - \$3,400 per year on a relatively small \$50,000 mortgage.

That means a whopping \$216 - \$283 per month in-

crease in payments, forcing the homeowners to either cut their standard of living or sell the family homestead.

There are also tens of thousands of shorter-term mortgages written in 1978, as well as one year deals concluded last year to be renewed at today's appallingly high rates.

Many people wanting to buy their own homes, of course will remain in rented apartments as a result of the interest-rate crunch; which is a major reason the housing industry is in such a slump.

The mandarins at Ottawa and the Bank of Canada, as well as the country's political leaders, provide little hope that record high rates will come down in the near future.

Perhaps the time has come for the economic "experts" to review their tight money, high-interest rate policies. The spectre of tens of thousands of families being forced to give up their homes is indeed a depressing scenario.

Gooderham man is killed while crossing Highway 530

MINDEN — OPP had another busy week in the County, investigating 82 general occurrences and had nine reportable motor vehicle collisions in which one man was killed and five others injured.

Early Saturday afternoon a Gooderham man lost his life when hit by a westbound car on Highway 503 near the village. Allan J. Haywood 80, was attempting to cross the road in front of his home, one km west of Gooderham when he was struck down by a car driven by Diane McLaughlin 20, of West Hill.

Mr. Haywood was taken by ambulance to hospital in Lindsay and then transferred by Air Ambulance to Sunnybrook hospital in Toronto, but died on route.

Police report no charges were laid in connection with the accident. PC Wood.

AHM Council accept 3 tenders rejects race track for village

MINDEN — The council of Anson, Hindon and Minden Townships met for the 13th time last Wednesday with the following business being conducted.

RACE TRACK BLOCKED — A proposed race track for Minden in the Fair Grounds, has been rejected by council. The proposal for the track had been put forward by Tom Prentice at the April 22nd meeting. The rejection came following receipt of a petition bearing 100 signatures and a letter from a local resident of the area.

The petition which was sent to council said those signing had no objection to a track in the Minden area, "providing it was not within the village limits." It also cited the availability of a wide variety of summer and winter sports activities, excessive noise and devaluation of properties as the reasons.

Council agreed that a multi-purpose track should not be built within the village and the clerk was directed to notify the group accordingly.

HORTICULTURAL SOCIETY — Amos Brubaker of the Minden Horticultural Society attended the meeting with respect to the Societies plans for 1981.

Council passed the following resolution: that the Society be allowed to landscape and beautify the lot on which the Cultural Centre is constructed and further that they be permitted to construct pathways leading from the centre to a nature park.

The projects are to be developed in conjunction with the municipal parks department and the Minden Kinsmen Club.

CALCIUM CHLORIDE TENDER — Council accepted the tender of Ken W. Morris Ltd., to supply about 25 tons of liquid calcium chloride at \$144.90 per ton and 12 tons of bagged calcium chloride at \$183.00 per ton.

RSI PATCHING EMULSION — Council accepted the tender of Chevron Asphalt Limited to supply 1,000 gallons of patching emulsion at a cost of \$.99 per gallon.

ASPHALTIC ROAD OIL TENDER — Council

accepted the tender of Canam Oil Services to supply 37,000 imperial gallons of non-asphaltic road oil at a cost of 57.4 cents per gallon.

TAYLOR ROAD CLOSING — Mrs. Eileen Crawford was present regarding the status of the proposed road closing in front of Hart Lodge on Hwy. 35. She was directed to consider placing a value on the new "upper" road and report back to council.

PUBLIC BUS SERVICE — Council had no objections to Harold and Eldon Deacon operating a public bus service for the purpose of the Minden Swim Program for 1981.

Stanhope Council meets

STANHOPE — The May meeting of council for the Township of Stanhope took place at the office on May 6th.

Council members accepted the tender bid from Thompson Crushed Stone and Gravel received by the Townships of Anson, Hindon and Minden for the crushing of 5,000 cubic yards of gravel in one set at a price of \$.98 subject to the approval of the MTC.

Council agreed in principle to stop up, close and convey to abutting property owners that portion of road allowance shown on a sketch outlined in red on part lot 16, concession 3, as presented by Mrs. Eleanor Patton. Final road closing and conveyance subject to all applicable legislation.

Severance application H56-81 submitted by Mrs. Sydna Stephenson was approved by council, however only conditionally, upon the passing of an amending bylaw changing the zone from rural to rural estate residential and approval from the local health unit.

Three way tie for first place in Haliburton Cty softball

The Haliburton County Ladies softball league opened their 1981 season on Monday, May 18th with the two Minden entries in the seven team league doing battle. The Dixie Lee-Homestead ladies got off to a good start in Haliburton winning 22-13. The Sr. team from Minden was led to victory by Wendy Gough who went six for seven at the plate, including three triples. Andrea Burk pitched the win while Nancy Maughan took the loss.

The Minden Jrs. opened their season at home and dropped a 25-17 decision to Carnarvon.

Tuesday, May 19th the Dixie Lee gang opened their home park against Gooderham and came up with another outstanding effort, dropping their hosts 22-13. Lynn (Howie) Osenchuck was the star at the plate for Minden while Ann Hewson picked up the victory in relief of Andrea Burk.

The Minden Jrs. went back into action on Wednesday evening in Gooderham and evened their record at 1-1 with an easy 25-15 victory. Cheryl Dillon evened her early season record at 1-1 with a fine pitching effort.

The two Minden teams then met one another on Monday evening at the park in town and the Jrs. came away with a 12-8 victory due to a five run 5th inning.

Wendy Gough socked a homer for the Jrs. and Cheryl Dillon pitched a fine game, putting her record at 2-1. Andrea Burk took the loss, giving her a seasons record of 1-1. Ann Hewson came on late in the 5th to snuff out the Jr. uprising and finished it.

The two Minden entries are now in first place as of Monday with 2-1 records for four pts. West Guilford also shares first spot with four pts. on the strength of two wins over Wilberforce last week. Both Carnarvon and Haliburton sport 1-1 records.

Haliburton County Ladies Softball Standings

Local real estate board will host Region 7 Seminar here

HALIBURTON — Thursday, May 28th will be the largest single day real estate function held in Haliburton County. As the local board to Region 7 — Ontario Real Estate Association Sales Conference, the committees set up to organize and prepare for this event are putting the finishing touches to preparations now with the expectation of from 200-250 delegates attending who are expected to arrive by eight o'clock at the Royal Canadian Legion here.

Past president Bill Roodenburg was appointed as chairman of the conference, assisted by president Larry VanLieshout and a co-chairman.

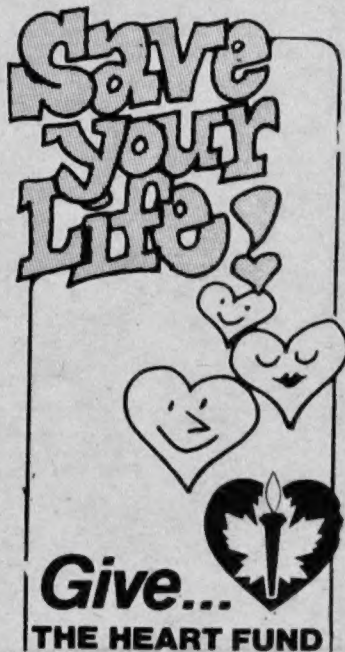

Ladies swing into action here

MINDEN — The Haliburton County Ladies Softball leagues swung into action last week with seven games played. This year's league sports teams from Haliburton, Gooderham, Wilberforce, Carnarvon, West Guilford and

two from Minden (top photo) Helen Burk lines a shot to right field for the Dixie Lee-Homestead squad while the lower photo shows a Minden Jr lashing a single through the hole to left field.

Kangaroos are a mobile hazard at the Anglesea Golf Club near Geelong, Australia. The shy animals usually bound off at the sight of men, but those living near the links have become so tame that golfers often must shoo them away before making a shot.

Pity the poor firefly who had no place to glow on his vacation.

"Cooking with Jehane Benoit"

How is Strawberry Time*? One of the early joys of summer is the ripe, fresh, perfectly-shaped versatile strawberry. The first ones of the season should be served in all their deep red beauty, set in a mound on an attractive white plate, with a crystal bowl of fruit sugar, a jug of rich cream, and I always add to the table a tiny Victorian silver and cut-glass container of rosewater, but this is enough to bring all kinds of beautiful romantic feelings around you — and with strawberries the marriage is perfect. Let each one partake of the offering to their taste and desire.

Strawberries flow in great quantities from the market to our table for such a short period that we are forced to make the best of them by serving them in all kinds of attractive ways, bringing the gracious short season to a close with a strawberry jam-making session.

Think of beautiful desserts. Or very simple desserts. Or deep, pink fruit compotes. Or elegant French tarts. Strawberries are perfect for all of these. There are dozens of ways to serve them, but here

are some of my favorites.

Fill a small silver or cut glass dish with peeled and finely-grated fresh ginger, a big bowl with cleaned, lightly-sweetened strawberries and a bowl of sour cream. Place these on a tray, with a silver shaker of fine fruit sugar. Then flavor the strawberries according to your taste.

1 cup (250 mL) all-purpose flour

2 tbsp. (30 mL) sugar

1½ tsp. (7 mL) baking powder

½ tsp. (2 mL) mace

¼ cup (60 mL) butter

¼ cup (60 mL) milk or cream

sugar and nutmeg

soft butter

Bring the sugar and apple juice to a boil, and stir until sugar is dissolved. Remove from heat, add the rhubarb, strawberries and vanilla. Mix well and pour into a pudding dish.

To prepare the batter, sift together the flour, sugar, baking powder and mace. Cut in the butter and add the milk or cream.

Stir quickly to blend, and drop by spoonfuls over the fruit. Sprinkle top with sugar and a dash of nutmeg, and

brush with soft butter. Bake at 450°F. (230°C) for 20-25 minutes.
Serves 6

RHUBARB SAUCE OVER STRAWBERRIES

I have a thing about "fruits on fruits". The combinations are always successful and the idea lets you create many a new sweet. To try your hand at it, first think in terms of color, then flavor, and finally texture. As an example, a soft rhubarb sauce over juicy medium strawberries gives a pleasant texture. For color, you have pink on pink and for flavor you have "late fresh spring," since they are both in season at the same time.

Fill a dish with fresh sliced strawberries, sweeten to taste with fruit sugar, and add a small spoonful of rosewater. Serve with a rich, cold custard sauce.

Make alternate layers of sliced strawberries, brown sugar and sour cream in a glass bowl, then refrigerate for five hours before serving.

* The following is extracted from my book "Madame Benoit Cooks at Home", published by McGraw-Hill Ryerson Limited.

STRAWBERRY- RHUBARB COBBLER

What an affinity there is between strawberries and rhubarb; this superb pudding would not be nearly as good made with just strawberries or rhubarb alone.

1 cup (250 mL) sugar

1 cup (250 mL) apple juice

Wed., May 27, 1981

2 cups (500 mL) diced rhubarb
2 cups (500 mL) sliced strawberries
1 tsp. (5 mL) vanilla

2 cups (500 mL) rhubarb
2/3 cup (160 mL) sugar
1 tbsp. (15 mL) cornstarch
Grated rind of ½ a lemon
¼ tsp. (1 mL) ground cardamom or cinnamon
½ cup (125 mL) cold water
Juice of ½ a lemon
4 cups (1 L) whole strawberries
2 tbsp. (30 mL) Sabre or an orange liqueur (optional)
Clean and cut rhubarb into ¼ in. (1.25 cm) pieces, then measure.

Place in a saucepan the next 4 ingredients well mixed together. Add the cold water, stir well and cook over low heat, stirring until all the sugar is dissolved and sauce is transparent. Add the rhubarb, then cook 5 minutes over medium heat, or until rhubarb is cooked. Add the lemon juice. Stir well. Place the strawberries in a clear glass compote dish, pour liqueur on top, and stir gently with a rubber spatula.

Pour the hot rhubarb over the strawberries. Cover and refrigerate 6-12 hours before serving. Serves 6.

Gooderham student awarded

A Gooderham student has won an award of academic merit from Sir Sandford Fleming College.

Tammie Dewey was presented with the Association for Early Childhood Education Award for being the best all-round first year student.

She received the award at the College's annual awards banquet on May 8th. Ms. Dewey attends the college's Brealey Campus in Peterborough.
